## WORK EXPERIENCE

<b>INFOSYS Ltd.   Gurgaon, HR</b> <b>Current</b> <b>Technologies: React Js with Redux, HTML, CSS, JS, Bootstrap, MUI</b> Working as a react developer for Accelerate open source projects. Developed multiple modules and features including glass cards, animations, typewriter effect, modal etc.	<b>Sep '22 -</b>
<b>TCS Ltd.   Mumbai, MH</b> <b>'22</b> Worked as a developer for CDSL India project, where I have handled three modules: Online Inter Depository (OLIDT), Surveillance and RPT Server. And have developed multiple CR's and PR's on <b>production</b> , few of which are - <ul style="list-style-type: none"><li>Developed and released backend exe for account transfer CR on production. Where client can upload account transfer details through upload module, file gets validated and is further processed.</li><li>Developed and released multiple exe's for report generation on production and RPT servers.</li><li>Developed and released an exe for NSDL file loading and CDSL file generation which helps in generation of early warnings for the system.</li></ul>	<b>Mar '21 - Sep</b>

## PROJECT EXPERIENCE

<b>FIT AND LIFE (GYM APP)</b> <b>Domain: WEB APPLICATION   Programming Languages: ReactJS with Redux, NodeJs, Express, MongoDB, Axios, mongoose, Bootstrap, HTML, CSS</b> <b>Link: <a href="https://fitandlife.cyclic.app/">https://fitandlife.cyclic.app/</a></b>  Fit and life is a complete solution for a gym admin, with an interactive website for customers loaded with animations and responsive UI. It also contains an intuitive UI for the owner to manage GYM data. Admin can login and store members data, perform CRUD operations and much more.  For better understanding do give it a spin.
<b>Bug Tracker Application</b> <b>Domain: WEB APPLICATION   Programming Languages: ReactJS with Redux, Axios, React-Router, Pagination, NodeJs, Express, MongoDB, Mongoose, Bootstrap, HTML, CSS</b> <b>Link: <a href="https://bugtracker.cyclic.app/">https://bugtracker.cyclic.app/</a></b>  Bug Tracker is a web app where user can add/remove/update/delete bug data with loaded features like inline-edit, dark-mode, bugs per page, jump to page and much more. It also contains buttons which can help user to navigate to form and data section with the help of react-router.  For better understanding do give it a spin.
<b>TODO LIST</b> <b>Domain: WEB APPLICATION   Programming Languages: ReactJS, Material UI, Bootstrap, HTML, CSS</b> <b>Framework: Bootstrap, Material UI</b>  Todo list is a basic daily use web-application hosted on Heroku servers, where you can add and remove tasks, and data is stored in browser cookies. For better understanding do give it a spin by using the below link - Link: <a href="https://to-do-task-007.herokuapp.com/">https://to-do-task-007.herokuapp.com/</a>

## PROJECTS

<b>MAJOR PROJECT</b> <b>HEALTH CHECKUP ASSISTANT   Android Studio</b>  Developed an android based application on Android Studios with java, which diagnose a patient for pandemic diseases such as Covid-19, SARS, Swine. The application accepts symptoms as input data from users and provides user diagnosis by analyzing and processing the data and provides the diagnosed disease as output.	<b>Jun '20 - Aug '20</b>
<b>MINOR PROJECT</b> <b>HOME INTRUSION DETECTION SYSTEM   IoT, Node-MCU</b>  Designed a home security device using Node-MCU, PIR module, buzzer, batteries, Blynk app and data cable for power supply, used to detect home intrusions which turns up the buzzer alarm on device and notifies on cellular device through Blynk app.	<b>May '19 - Jun '19</b>

## EDUCATION

<b>B.E. in Computer Science</b> <b>Sagar Institute of Research and Technology   Bhopal, IN</b>  CGPA: <b>7.8</b>	<b>Aug '16 - Sep '20</b>
<b>Indian School Certificate Examination</b> <b>Christ The King College, Jhansi   12th</b>  Percentage: <b>73%</b>	<b>2015 - 2016</b>
<b>Indian School Certificate Examination</b> <b>Christ The King College, Jhansi   12th</b>  Percentage: <b>72%</b>	<b>2013 - 2014</b>

## SUMMARY

A React Developer with 2+ years of experience in design and development. Skilled in ReactJS with Redux, NodeJs, MongoDB, ExpressJs, and Material UI. Proficient in Git, GitHub, JSON data modelling, Oracle, and MongoDB databases. Possesses excellent soft skills such as communication, collaboration, adaptability, critical thinking, and quick grasping.

<b>TECHNICAL SKILLS</b>	
<b>Programming languages:</b> ReactJS with Redux NodeJs MongoDB ExpressJs Passport Js Material UI Bootstrap HTML CSS	
<b>Version Control:</b> Git, GitHub	
<b>Data Modelling:</b> JSON	
<b>Database:</b> Oracle, MongoDB	
<b>Platforms:</b> Unix / Linux	

## SOFT SKILLS

- Communication
- Collaboration
- Adaptability
- Team Player
- Critical Thinking
- Quick Grasping

## ADDITIONAL INFORMATION

- **DOB:** 25 Jan 1998
- **Languages:** Hindi, English
- **Interests:** Drop-shipping, UI/UX, Blockchain, Cryptocurrency.
- **Hobbies:** Gaming, GYM, Cooking, Travelling, Reading, Hiking, Trekking.
- **Hometown:** Jhansi (U.P.)

# Certificate Of Achievement

This certificate is awarded to

**Abhinav Rathore**

for demonstrating the desired level of  
proficiency in **Infosys Certified React**

**Associate**

assessment conducted on

**13-Feb-2023**

A handwritten signature in black ink, appearing to read 'Thirumala Arohi'.

Thirumala Arohi

Head - Education, Training and Assessment
